

SCIENTIFIC ORAL PRESENTATIONS

British Society of Interventional Radiology (BSIR) Annual Meeting 2014 Liverpool (12-14 November 2014) – Co-Author

Development of a database to schedule, plan and follow-up patients undergoing EVAR; Monzon L, Patatas K et al.

BSIR Annual Meeting 2012 Bournemouth (14-16 November 2012) – Presenter

Patterns of renal angiomyolipoma regression post embolisation on medium to long-term follow-up; Patatas K, Ling L, Ettles D, Robinson G, Scott P, Shrivastava V, Ahmed M, Lakshminarayan R

BSIR Annual Meeting 2012 Bournemouth (14-16 November 2012) – Co-Author

Prospective audit of complications following percutaneous vascular interventions at a single referral centre; Ling L, Patatas K, Ettles D, Robinson G, Scott P, Shrivastava V, Ahmed M, Lakshminarayan R

BSIR Annual Meeting 2012 Bournemouth (14-16 November 2012) – Co-author

Efficacy and safety of catheter-directed thrombolytic therapy in acute pulmonary embolism: a single-centre experience
Ling L, Patatas K, Ettles D

Cardiovascular & Interventional Radiological Society of Europe (CIRSE) Congress 2012 Lisbon (15-19 September 2012) – Presenter

The trouble with right-sided varicoceles: should MR venography be routinely performed prior to embolisation? Patatas K, Ling L, Shrivastava V.
Published electronic supplementary CVIR issue, p S157 (DOI: 10.1007/s00270-012-0437-6)

Radiological Society of North America (RSNA) Annual Meeting 2010 Chicago (28 November – 03 December 2010) - Presenter

Emergency department imaging protocol for suspected acute renal colic: re-evaluating our service; Patatas K, Panditaratne N, Tze W, Weston M, Irving H.

POSTER PRESENTATIONS

BSIR 2015 Glasgow (4-6 November 2015)

Steroid prophylaxis for patients with previous allergic reaction to contrast media: is there any evidence?
Morteza A, Noroozian N, Patatas K.

British Institute of Radiology (BIR) Annual Congress 2015 (4-5 November 2015)

Pelvic congestion syndrome: a simple procedure but a complex condition and a challenging diagnosis.
Morteza A, Noroozian N, Patatas K.

BSIR 2014 Liverpool (12-14 November 2014)

Ultrasound of the abdomen: don't forget the aorta.
Patatas K, Monzon L, Patel R.

CIRSE 2014 Glasgow (13-17 September 2014)

Case report: Bilateral ureteric balloons for the treatment of urinary leak.
Patel J, Patatas K, Lehmann ED.

BSIR 2012 Bournemouth (14-16 November 2012)

MRI follow-up post uterine artery embolisation for fibroids: a retrospective study and literature review.

Patatas K, Ling L, Ettles D, Robinson G, Scott P, Shrivastava V, Lakshminarayan R, Ahmed M

European Congress of Radiology (ECR) 2013 Vienna (07-11 March 2013)

Pictorial review of CT appearances of renal angiomyolipoma: Is CT a reliable predictor of successful embolisation?

Sayed S, Patatas K, Lakshminarayan R

European Congress of Radiology 2011 Vienna (01-05 March 2012)

Off-Label Use in Interventional Radiology: Risk Management

K. Patatas

European Congress of Radiology 2010 Vienna (04-08 March 2010)

'Does the emergency department protocol for suspected renal colic lead to unnecessary radiation exposure of young female patients?'

K. Patatas, M. Weston

UK Radiological Congress (UKRC) 2009 Manchester (8-10 June 2009)

'Ultrasound characteristics of thyroid malignancy'

K. Patatas, R. Albazaz, R. Paes

Royal College of Radiologists (RCR) Annual Scientific Meeting 2008 (15-17 September 2008)

'GP Lumbar Spine Radiography referrals: an audit of current practice'. K. Patatas

British Oculoplastic Surgery Society BOPPS 2010 (16-18 June 2010)

'How accurate is clinical and radiological evaluation of orbital lesions in comparison to orbital biopsy?'

Koukkoulli A, Kalantzis G, Chang B, Norris J, Patatas K, El-Hindy N.

David Lintott Meeting Leeds & West Yorkshire Radiology Academy (12 November 2009)

'Safe sedation in the radiology department'

C. Tingerides, K. Patatas

Society of British Neurological Surgeons Spring Meeting 2008 (09-11 April 2008)

'Is the incidence of clinically symptomatic vasospasm in patients with subarachnoid haemorrhage reducing?'

N. Papadacos, K. Patatas & C. Tolia
